## IS NOT RUNNING SODA FOUNTAIN

Contrary to Housewives' Belief City  
is Still Furnishing Pure Water  
at Old Stand.

### WHY THEY ARE MISGUIDED

Gas and Air in Water Mains Make  
Faucets Sputter—Looks Like  
Skimmed Milk.

The city of Rushville has not opened a soda fountain; neither has it installed a dairy for the benefit of the public in general. There's gas in the city's water mains—that's all.

Many patrons of the city water plant have been receiving something that looks like milk through the water pipes. Some have quaintly remarked that it resembled soda water. And that's no joke—it did—or rather, it does. It—which still means water—has been mixed with some white substance which made it resemble skimmed milk or soda water direct from the fountain.

And kitchen sinks have seemed to be soda fountains—so realistic has the resemblance been. To add to the reality of the situation, the water sputters like a regular soda fountain when one turns on the faucet, and housewives can stand and play with the kitchen faucet all day and imagine they are behind the fountain drawing drinks.

But it doesn't taste so bad at that. To say that there is gas in the water may make some housewives take fright, but it's not harmful—take A. T. Mahin's word for it. And with this mixture add a portion of air and you have the water which Rushville patrons are getting now.

Gas, air and water combined, in some cases, is injurious, but not so in this instance. Gas alone would probably be harmful, but there's little of it. Fresh air fiends will be delighted that there is a good portion of air and lovers of pure water will not object.

The gas will not last long—nor will the air. The gas comes from one of the three new wells at the foot of First and Second streets and the air got into the mains the other night when they were being flushed to get the iron rust out of the water.

Rushville water will likely be normal in a few days. The iron rust was so thick in the water that the superintendent shut down the pumps Wednesday night and Thursday morning and cleaned out the mains. When all the water ran out, the mains naturally filled with air. When water was pumped back into the mains it had to mix with the ever-present air or not go in at all. The pumps were more forceful than the water's desire not to lock arms with air, hence the mixture.

It's the air that gives that soda fountain sensation when one turns on the faucet. The gas plays a minor role in this performance, helping out on the sputter when the air has about spent its force.

But even if one of the three new wells has gas in it—and it will soon disappear—the three latest additions to Rushville's water system are furnishing the normal supply, according to the superintendent.

When water patrons do not act like hogs and try to use all the water in the universe, the three wells can do it. In fact they more than do it some times. When they get the pressure up to limit the automatic pumps just stop pumping.

The pumps on the old wells in the west part of the city are kept running slowly but they pump very little water, if any. The old wells are being given an opportunity to recuperate.

## ARE ATTENDING EXPOSITION

Local People Also Have Stock at  
International Show.

A few Rushville and Rush county people are attending the International Live Stock exposition in Chicago this week. Special interest is attached to the show here because O. M. Harton, living west of the city, has some fine Chester White hogs entered for the prizes. Select specimens are gathered from all parts of the earth, and to win a prize against such competition means something. Cattle from European countries is imported for the show and the best the United States has to offer is being shown. The show will come to a close tomorrow.

## RECORD PRICE IS PAID FOR CATTLE

Chicago Firm Purchases Fifty-Four  
Head From Megee Brothers at  
\$10.75 Per Hundred.

### STEERS WEIGH 1400 POUNDS

What is believed to be a record sale of cattle was made this week by Oliver and Frank Megee, living east of the city, when they sold 54 Hereford steers in Chicago for \$10.75 per hundred pounds. This is claimed to be the highest sale of beef cattle ever made from Rush county. The cattle weighed 1400 pounds and were sold by Clay Robinson & Co. of Chicago, for the New York Christmas market.

The Megee brothers purchased the cattle at Kansas City, through Jerry B. Offutt, formerly of Arlington, in October, 1910. The calves at that time averaged 350 pounds and that the stock fared well in the hands of the Megees is shown by the final results.

## DAMAGE SUIT IS IN HANDS OF JURY

Case of Frank Wilson Against Ed-  
ward Frazee is Submitted For  
Verdict This Afternoon.

### TO RECOVER FOR INJURIES

The \$1,200 damage suit of Frank Wilson against Edward Frazee of this city went to the jury in the circuit court this afternoon at three o'clock. The argument was concluded shortly after two o'clock by John A. Titworth of the defense. Ben L. Smith, attorney for the plaintiff, preceded him. The argument was opened by Donald Smith of the plaintiff's counsel and Richard Sipe of Indianapolis, brother-in-law of the defendant, opened for the defense.

It was the theory of the defense that, regardless of the fact that Edward Frazee had pleaded guilty to violating the traffic ordinance, the jury should not find for the plaintiff because the evidence tended to show the horse was not hurt. The defense also argued that the suit for damages was on the theory that the animal had been injured so that it could no longer race, and the plaintiff's own witnesses testified a horse which could not go better than 2:29 was valueless for racing purposes.

Russia's army in times of peace numbers 1,200,000, and in case of war it can be nearly quadrupled.

## DEDICATED TO DR. HENRY MOORE

Christmas Seals Campaign This Year  
Will be Memorial to His  
Endeavors.

### ACTIVE WORKER IN CAUSE

Every Person Urged to Double Ef-  
forts With The New Purpose  
in Mind.

The 1912 Christmas seals campaign is to be dedicated as a memorial to the late Dr. Henry Moore, whose death occurred in Indianapolis this week. Dr. Moore, as State organizer for the Indiana Association for the Study and Prevention of Tuberculosis, has been the most active member of the Christmas Seals Commissions, and has formed organizations in most of the counties of the State.

He died at his desk in the State house just as he had completed his annual report. He believed that the sale of seals this year would be the greatest in the history of the state and would raise a large fund to be used in relieving and preventing tuberculosis in this State during 1913.

The other members of the state commission—Prof. Severance Burrage, Dr. Theodore Potter, Mrs. L. W. Ellingham and James W. Lilly have determined to make the campaign a memorial for Dr. Moore and to this end the following declaration is being circulated:

"In the death of Dr. Henry Moore, the great humanitarian fight against tuberculosis in Indiana has suffered an irreparable loss, and this Red Cross Christmas Seals Commission, of which he was a most active and valuable member, feels most keenly the effect of his sudden removal from this work.

"We recognize however, the fact that his influence will continue to be a stay and support to this work and in this we have pleasure. For Dr. Moore's services were so evidently unselfish and broad spirited, that his work will be an inspiration to all citizens of large heart, who have come into contact with him in this movement.

"And so the members of this commission recognize that the most impressive tribute which may be paid to the memory of this good man, will be expressed by an increased effort to advance the cause which he loved and for which he gave his life. It was his ambition to see the citizens of Indiana raise a fund of at least \$20,000 by the purchase of the 1912 Christmas seals, for the purpose of carrying forward an aggressive fight against the white plague in this State during the coming year.

"We therefore resolve that the remaining days of this Christmas seals campaign shall be dedicated to an intensive effort in behalf of this movement, to the end that Dr. Moore's vision of suffering relieved and happiness restored in thousands of Indiana families, through the stamping out of this dread disease, may become a reality.

"So we pledge our devotion to the cause and we earnestly urge every person engaged in raising the fund to a doubling of effort, with the purpose in mind of making this 1912 campaign a fitting memorial to its fallen advocate.

### TO SELL SEALS.

The W. L. C., a woman's organization, is in charge of the Red Cross seal sales in Carthage. They have been placed on sale at all of the drug stores there and an active campaign is to be made to sell as many as possible.

Early giving is necessary if the poor little children of Rushville are to be made happy by the gifts of the Daily Republican Santa Claus fund. The fund is moving slowly, but there is little doubt that it will ultimately be successful, as it always has been.

In past years the fund has always bounded to the high notch in the last week before Christmas. This has kept the managers in suspense all the time to ascertain the probable total of the fund so as to determine what and how much to buy for the youngsters that are to be benefited.

Names are being sent into charity workers who have been in charge of the buying in past years, as well as to the Republican office. Letters to Santa Claus have been received at this office, and in many of them is a note of childlike faith in Santa Claus, a confidence expressed that he will not overlook them. It is hoped that Rushville's Santa will be financially able to visit all of them.

Many children have taken advantage of the offer made by the local merchants to win a beautiful doll and a valuable football by selling tickets to the Palace theater benefit show for the fund next Monday night. A large number of tickets have been sold already. The girl selling the greatest number will receive the doll and the boy selling his greatest number will get the football. No child over fourteen years of age can compete. The prizes are on display in Hargrove & Mullin's drug store window.

## WOKE UP WITH SHUDDER

But Rushville Went to Bed Last Night  
Perspiring.

Rushville went to bed last night perspiring and this morning woke up with a shudder. No wonder! There was a drop of forty degrees in temperature during the night. The weather man prophesied a cold wave—and it arrived. The thermometer registered thirty degrees above this morning, and the mercury has been holding 'er steady all day. If any change at all, it was for the worse. A few thermometers recorded a drop of two or three degrees during the day. A continuation of the cold is promised.

Another settlement for a death which occurred in the wreck on the C. Imholt was on his way to Chicago when he met death on the train which collided with a freight train that was backing into a siding. Attorney Vincent H. Beckman arranged the settlement for Rev. H. J. Pohlschneider, administrator of Imholt's estate.

## RAIN BENEFITS THE WHEAT CROP

Rains of This Week Come in Time to  
Prevent it From Being Dam-  
aged.

### PROSPECTS ARE EXCELLENT

The farmers declare that the wheat fields were in need of moisture and that the rain Sunday night came at a good time. In many places the ground could stand much more rain. The wheat, it is reported, is looking fine and with a favorable winter the prospects will be excellent for a good crop next summer. A large acreage of wheat was sown this fall. Considerable rye was also sown and this is in fine condition.

There has been some fly reported but not very much, and in a few fields a good stand was not secured owing to rains which fell immediately after sowing which made a crust on the ground and hindered the young plants from getting through.

High winds with the dry condition of the ground was also another source of much damage before the present rain. One farmer stated that should the wind blow strong for a day or two with the ground in such a dry condition as it was and then a sudden hard cold spell set in that the present wheat crop could be almost entirely killed in a few days. The farmer said that exactly this condition happened in this county about twelve years ago and the crop was nearly ruined.

The abiding faith of childhood is to be rewarded.

Postmaster-General Hitchcock today issued an order authorizing all postmasters to deliver "Santa Claus letters" to such charitable institutions in the city or town where received as may desire to give attention to the requests they contain.

As Christmas Day approaches, many thousands of such letters are written to "Santa Claus" by children

## FUNDS IN PLENTY FOR XMAS GIFTS

Deposits in Rushville Banks Indicate  
There is Enough Money For  
Holiday Buying.

### INSTITUTIONS ALL PROSPER

Total on Deposit is Not Quite as  
Great as at Last Published  
Statement.

"I wish I had some money for Christmas," is the lament heard on every hand about this time of year. Now, it appears that many have no money to use in buying Christmas presents, but, on the other hand, it is evident that at least a portion of the city and neighborhood's population has a snug sum stored away in the local banks.

The three Rushville banks have in the neighborhood of one and a half million dollars on deposits, as shown by the statements printed in this paper yesterday. This amount really should be enough to buy Christmas presents for every man, woman and child in the city and adjoining country then there would be some left over for peanuts and oranges.

Local people have \$1,221,033.62 on deposit in the three local banks. At least they had that much at the close of business November 26, as that is the date for which the statements are made. The controller of the currency called for a statement of the condition of all national banks yesterday at the close of business November 26. Each bank waits until the others have their statements ready and then they are all published together.

The statements for November 26, as published yesterday, show deposits in the banks as follows: Rush County National, \$496,758.95; People's National, \$412,160.27; Rushville National, \$339,114.40.

The total amount of money on deposit at the last published statement Monday, September 10, was \$1,321,071.19, which was apportioned among the three banks as follows: Rushville National, \$348,494.83; People's National, \$436,664.88; Rush County National, \$535,911.48.

The total on deposit is not as great now as it was in September, as shown by the statements. This is probably due to the fact that farmers sold their wheat in August and the first of September. Corn money will begin pouring into the banks and will probably make the next statement larger.

of the poor appealing for Christmas remembrances. The Postmaster-General feels that the Postoffice Department should aid, so far as possible, in the philanthropic work of meeting the requests.

If the letters fail to bear postage stamps, it will be necessary, under the law, for the Postmaster to forward them to the division or dead letters, but, in that event, he is authorized by to-day's order to submit the names and addresses of charitable institutions that are willing in worthy cases to look after the wants of the writers. While this method of handling "Santa Claus letters" will entail some additional work upon the postal service, Mr. Hitchcock believes the purpose in view will justify fully the expense.

## QUICKLY FROM LEAN TO FAT

Interesting Possibilities an Outcome of Recent Experiments.

Despite the abundance of dietitians, amateur and professional, there is still room for a considerable increase of our knowledge regarding assimilation and nutrition. This is well illustrated in some recent experiments by F. G. Hopkins of the Cambridge physiological laboratory in England, the New York Evening Post remarks. Dr. Hopkins found that the addition of comparatively insignificant amounts of certain substances to his rations made all the difference between success and failure. He was feeding rats on a carefully measured and purified ration, upon which they should, theoretically, have thrived. But they refused to grow. However, when he added to the ration 4 per cent of milk they began to climb almost like the famous beanstalk.

The actual food value of the small milk addition could not be considered an explanation. The first and obvious conclusion seems to be that the milk acted as what is called a catalyst—that is, its mere presence had the power of promoting the absorption and assimilation of other food. It was proved that a small quantity of milk added to the diet reduced the quantity of the latter (used alone) necessary to produce a given increase of weight by 50 per cent.

It appears that other experimenters have obtained somewhat analogous results by the use of extracts of yeast. It is obvious enough that if these experiments mean what they seem to mean, viz., that certain substances within our reach have the remarkable power of greatly increasing the nutritive value of foods, very important results in the sciences of human and animal feeding may be expected to follow them. If, for example by the addition of a relatively insignificant amount of some cheap catalyst the farmer can fatten his stock on half the grain ordinarily required, the steadily advancing cost of living will receive a notable check. —Chicago Record Herald.

A small supply of the remarkable substance known as "Food Catalyst" may be obtained from The Flexine Co., Indianapolis, Ind., which they will furnish with full instructions for use to persons thin in flesh and who apply before supply is exhausted, at \$5.00 per package. Only one package can be furnished to each applicant until a larger supply can be obtained. Advertisement.

### Keeping Christmas.

"There is a better thing," says Henry Van Dyke, "than the observance of Christmas, and that is keeping Christmas."

Every individual of a Christian nation will observe Christmas day two weeks from Wednesday. But how many of those individuals, do you suppose, will keep Christmas?

The burglar and the absconding bank president will observe Christmas day. The church will observe Christmas day. And so will the saloon and the brothel and the gaming resort. The poor and the rich will observe it, the one keenly and the other extravagantly.

But how about keeping Christmas? How many of us there are who forget the real spirit of Christmas and instead of keeping it merely observe it, passively, selfishly, although we may be reasonably good people who abhor absconding bank presidents and burglars and saloons and brothels and poverty.

If we but lay off from our labors and eat a big Christmas dinner and revel in the breaking open of Christmas surprise packages, thinging only of what we ourselves want, we merely observe Christmas and the day as a meaningless holiday that were

Supposing, though, that we really and truly keep Christmas. If we reflect back to the day of the birth of the One whose birthday anniversary we celebrate, if we let that reflection permeate our thoughts of the day's joys, if we forget just what we want for Christmas and think what others want, if we see our own shortcomings and the virtues of others, if we strive to learn the lesson of the golden rule, if we put aside our envy of the better off and put in its place a sympathetic, brotherhood thought for those less fortunate than we, if we give with greater joy than that we have in receiving, if we resolve to be or more use to the world and our families and ourselves during the year to come instead of putting off that resolution until a week later, then we will be keeping Christmas, and Christmas day will have a real meaning.

It is good that there is such a holiday as Christmas day, for it is sure to do a great many of us a great deal of good. The rich will continue to suffer, but even though this be true, Christmas day will do a great many of us a great deal of good, and it will serve to sober the

extravagant and appease the suffering of poverty.

The purpose of the Indiana Better Roads convention at the German House in Indianapolis, Dec. 11, 12 and 13 is to crystalize the sentiment in favor of a better roads law. Every citizen is invited to attend. The convention idea has received the hearty endorsement of public-spirited citizens and of commercial and trade organizations generally over the state.

Hanna, of Indianapolis, pastor of the Center church, pronounced the ceremony. The bride wore a dainty dress of white maquisette over mes-saline, with trimmings of hadow lace and white satin ribbon. The color scheme of pink and white was used in the dining room, which was decorated with pink and white hearts and pink and white carnations. The refreshments were pink and white ice cream, cake and coffee, and pink and white candies. A number of handsome presents were received, consisting of china, cut glass, silver ware and aluminum. About sixty-five guests were present, some from Indianapolis, Lewisville, Mays and Knightstown. Mr. and Mrs. Gordon are highly respected young people and have the best wishes of a host of friends for their continued prosperity. The newlyweds will go to house-keeping on a farm near Plum Creek.

### ASTHMA CONQUERED BY NATURE'S REMEDY

A. B. SANFORD.

After suffering from asthma for several years, Mr. A. B. Sanford, of Marion, Indiana, is now enjoying good health. His recovery is explained fully in the following statement: Marion, Ind., September 22, 1912. "Feeling desirous of expressing my feeling toward Nature's Creation, I cheerfully submit the following statement: I was troubled with asthma for about two years before I read about Nature's Creation and was about to give up work. I had a cough and would wheeze all the time. I could not sleep at night and appetite was very poor. I began taking Nature's Creation and before I had taken half of one bottle I could sleep good and appetite got better. In fact, I felt better than I had for some time. I have been able to work every day since and am feeling good. I have recommended Nature's Creation to all whom I know to be sufferers from asthma and will be pleased to recommend it to any one, and sincerely hope my experience will be the cause of relief to some poor sufferer from asthma. Will be delighted to answer any communication in regard to the good Nature's Creation has done for me. Respectfully yours, A. B. Sanford, 906 S. McClure St."

### THE ABOVE LETTER

is only one of many received daily telling of the remarkable results obtained at home by the use of Nature's Creation in the treatment of asthma, tuberculosis and the conditions which lead to it, such as bronchitis, impure blood and rundown system. If you do not know of some one who has taken Nature's Creation, and if you are interested in the cure and prevention of tuberculosis and asthma, fill out and mail today the coupon below:

## The Reason Our Storm Buggy Business is So Large

and is continually increasing is because we are giving our customers true value for their money. This is the one policy that is bound to build up a business and the only one that never fails. When you see our line of storm buggies and compare the quality of them with other makes on the market you will see that our buggies are far ahead of the rest in style, quality and finish and the large business we have built up by giving honest values, enables us to buy buggies in large quantities and by doing this we can buy at a price that puts us in a position to sell you buggies at a price that our competitors are unable to meet with the same class of goods. Don't buy a Storm Buggy until you have examined our line of buggies. We have the buggy you want at the price you want to pay, and if you don't get it, it won't be our fault.

## Eye Troubles

We shall be pleased to show you the latest achievement in double lens construction for far and near vision—the new bifocal.

This new lens, as far as looks are concerned, is apparently solid and purely transparent, although, in fact, it is composed of two parts. The conspicuous line which divides the lenses of the old style cemented bifocal is eliminated, then too, there is no segment to drop off.

This lense appeals more and more strongly to the discriminating wearer of glasses—one who appreciates and values added comfort and neater appearance.

## IT MEETS WITH FAVOR

Walking Club May be Organized in  
Rushville Yet.

The article in the Daily Republican the other night relative to the organization of a walking club has met with favor. One man has taken a decided stand for a walking club and says he would like to see something of the sort done. "Hikes" are the real pleasure he gets out of life, he says, and if any person will join with him, there will be a real walking club formed. He doesn't care for the publicity just now, but if there are those who would like to walk regularly and rationally, they may call the Daily Republican and the name of the enthusiastic one will be whispered by phone.

YOUTH IS HELD  
TO GRAND JURY

Ray C. McLeer, Who Worked Near  
Carthage, Arraigned Before  
Knightstown Squire Last Night.

## HE STOLE HORSE AND BUGGY

Ray C. McLeer, a youth who says he came from Holandsburg, Ohio, and who was arrested in Indianapolis yesterday for the theft of a horse and buggy in Knightstown, was taken back to Knightstown last evening and given a preliminary hearing before Squire Davis. He was held to the Henry county grand jury which will investigate.

McLeer first said he met two boys with the horse and buggy and they deserted it, leaving him holding the bag. He later admitted he had stolen the outfit from the Knightstown hitchhacker. The horse and buggy belonged to Harry McNew of near Knightstown. When he discovered the theft Wednesday night, the horse thief detective association was notified and at once sent a description of the outfit to nearby cities. McLeer says he has been working for a farmer near Carthage.

SUIT AGAINST THE  
SUGAR TRUST DEAD

Government Dismisses Celebrated Action.

New York, Dec. 6.—Judge Hough, in the federal district court, on the motion of United States Attorney Wise, has quashed the indictment against the American Sugar Refining company; John B. Parsons, the octogenarian attorney for the sugar trust; Washington B. Thomas, George H. Frazier, Arthur Donner, John Mayer, Charles H. Senff, Gustave E. Kissel and Thos. B. Harned.

Attorney Wise's motion was made at the suggestion and with the approval of Attorney General Wickersham. Mr. Wise's reasons for asking the dismissal of the indictment were:

That the government was unable to prove any affirmative acts by any of the defendants at any time within three years prior to the date when the indictment was returned; that the jurors who sat through the first trial had disagreed as to a verdict because of the obvious applicability of the statute of limitations to the case; that John B. Parsons is eighty-four years old, and that all the living defendants are well advanced in years.

Since the indictment charging conspiracy in restraint of trade and interstate commerce was handed down, July 1, 1909, two of the defendants, Charles H. Senff and Gustave E. Kissel, have died. Thomas B. Harned was granted immunity by turning witness for the government.

## Mystery in a Hotel Death.

Catlettsburg, Ky., Dec. 6.—The body of Miss Minnie Turner was found in a hotel here when the owners of the hotel forced the door. James York, Huntington, W. Va., was sick, and a second woman, who was registered as Mrs. York, appeared in no way able to account for the death. Mrs. York seemed not to know that Miss Turner was dead, although the indications were that she had died at least forty-eight hours before.

GREAT VARIETY

Parson Hicks Says Cold Wave is  
About to Hit Us a Solar  
Plexus Now.

## "REGULAR" STORM DUE ALSO

Then There Are "Reactionary"  
Storms And All Other Kinds of  
Storms on Tap.

Parson Hicks, the St. Louis weather prophet, is a little late with his weather prophecies for the month of December, but here they are. We are going to have some weather, according to the following, but at that it appears that the coal pile will not receive such a severe jolt:

A reactionary storm period is in progress as we enter December. Low barometer, much warmer weather, with electrical storms will be most natural on and touching the 2d. Rain and winter thunder will touch many sections, followed by sudden change to colder—a cold wave spreading far to the south and east.

A regular storm period covers the 5th to the 9th, central on the 6th. A very low barometer at this time should be regarded as positive warning of severe winter storms. These storms will cover most parts of the country, accompanied by thunder, lightning and wind, especially in the south. About the 8th look for change to blizzardous conditions from the northwest, followed by a fierce cold wave which will penetrate to the far south and east.

A reactionary storm period is central on the 11th, 12th and 13th. This period of ten days central on December 11th, each year, there are magnetic and electric perturbations, of "each currents," auroral lights and other disturbances. Many such things will be reported on and near the 10th, 11th and 12th. Rain and snow will visit wide areas, moving from west to east. At all December periods, if the barometer shows very low readings, prepare for vicious storms and for sweeping cold waves to follow.

A regular storm period includes the 16th to the 20th, central on the 17th. Winter lightning and thunder will visit many localities and violent storms of rain, turning to snow and high winds will prevail over land and sea during the 18th, 19th, 20th and the 21st.

A reactionary storm period will bring renewed storms of wide extent and great force on and touching the 23d, 24th and 25th. Most parts will get a supply of snow for Christmas before and during this period, with a cold wave rushing from west to east from about the 24th to 27th. The month will end with rain, sleet and snow.

## NOT MUCH HELP.

Muncie Press: The Indianapolis Star notes with evident glee that some Indiana newspapers are coming out for Bull Moosers in order to get a share of the county printing, just as though a newspaper that would change its politics or surrender its convictions for a little county printing would be worth anything anywhere. The newspaper that hangs onto a party simply for what it gets out of it, is never of much benefit to a party or a community, as the Bull Moosers will soon find.

# AMUSEMENTS

The Princess will show for the first picture tonight a Vitagraph drama "Bobby's Father." Maurice Costello is shown in this powerful drama. The other is a Selig western drama "The Cattle Rustlers." It is a thrilling drama. Tomorrow night "His Lordship, the Valet" will be shown.

The Palace theater will show a two-reel Pathe feature motion picture entitled, "Seige of Calais" tonight. The films depict the story of the most celebrated battle in the Thirty Years war in the Fourteenth century. It is hand colored and is said to be a very realistic reproduction.

The Portola has a three reel Vitagraph feature tonight, "As You Like It." It a dramatization of Shakespeare's well known play and shows the two Vitagraph stars, Maurice Costello and Rose Coghan in the leading parts. It is said to be an excellent production and acted out in every detail.

The Ercie will show two reels of pictures and a vaudeville act tonight. "A Traitor's Fate" is the title of the first picture and "Running For Congress" is the second. Baldwin and Marietta are putting on a vaudeville act that is said to be high class.

# ALL DOGS TO BE MUZZLED

Lewisville Has Another Mad Dog  
Scare When One Is Killed.

Lewisville is again in the midst of a mad dog scare. A strange canine, which showed symptoms of rabies, was killed Wednesday afternoon and as a result an order for the muzzling or tying up of all dogs in town for a period of thirty days has been put in force. The mad dog was killed by Marshall Ezra Nelson. Its head has been sent to the State board of health for examination.

# HORSE KICKS HIM IN HEAD

While playing in the barn Wednesday evening at five-thirty o'clock when his father was feeding, Roland, the four-year-old son of Mr. and Mrs. Dora Leisure, of near Gwynneville, was kicked in the head by one of the horses which he happened to pass behind, the blow rendering him unconscious for several hours. The blow was a telling one. Physicians are unable to stop the intermittent flow of blood from his ears and nostrils.

The father was attracted as soon as the accident occurred by the son's screams and he carried him to the house, where a doctor was summoned. Although the injury is a very dangerous one, the physician entertains the highest hopes for the little boy's recovery, as he does not believe complications of a dangerous nature will arise.

# WAGON PASSES OVER HIM

George Wilcoxon Has Trying Experi-

While moving a gas well rigging yesterday afternoon between Morris-town and Gwynneville with their father's mule team, George Wilcoxon of near Gwynneville, narrowly missed breaking his leg when the two animals tried to run away, and his brother, Raymond, had a trying experience in managing the team. George's limb was run over by one of the wheels of the wagon to which the mules were hitched, but did not break it, although the member was severely wrenched.

# HIT HER WITH STOVE WOOD

Knightstown Girl Testifies Against  
Her Step-Father in Suit.

The case of Laura Lawson against Scott Lawson for divorce, was heard by Judge Jackson Thursday, says the Newcastle Times. The parties are residents of Knightstown, and indulged in a hand-to-hand encounter in a second-hand store operated by him. It was shown that Lawson had struck his wife a few times and conducted himself in anything but a gentlemanly manner. One of Mrs. Lawson's daughters testified that her step-father struck her mother with a stick of stove-wood. Lawson denied that he had ever struck his wife, but said that she had beaten him repeatedly.

ate from their spell of sickness of last summer when they were drawn on so heavily.

"The new wells will furnish all the water needed in Rushville," said A. T. Mahin today, "if the people will just not turn on their hydrants and faucets at night. Whenever the temperature falls to freezing or a little below at night, we can hardly pump enough water to supply the pull on the mains. Patrons let the water run all night to keep their pipes from freezing. When we get the meters on that class of patrons—and we know a good many of them—then the water question will be solved in Rushville.

"People could arrange to turn their water off under the house by a key attached to the pipes and running up through the kitchen floor if they would. The cost of such an arrangement is very little. Many people who have such an apparatus seldom use it but let their water run instead."

Supt. Mahin said he hoped not to have to flush out the mains again in order to rid it of the iron rust. He believes that it is out for good and that water patrons will have no more trouble with it.

## The Root of Evil

By THOMAS DIXON

Copyright, 1911, by Thomas Dixon

"Now, of course, it's unlawful," she answered with sober playfulness.  
The man watched her slyly for the next half mile. She was very, very quiet.  
They spent the night at the same old roadhouse and slept on feather beds. He hadn't felt the touch of a feather bed in years. He dreamed that he was at school again, a man of

Get at the root of the trouble. Rubbing an aching back may relieve it,

But won't cure it if the kidneys are weak.

You must reach the root of it—the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; attack the pain.

Are recommended by many Rushville people.

Harrison Levi, 931 North Sexton street, Rushville, Ind., says: "Doan's Kidney Pills are the only remedy that ever did me any good. I am glad to confirm what I said in their praise in 1907. I had to get up several times at night to pass the kidney secretions which were some times attended with pain. I had severe backaches, too. I finally got Doan's Kidney Pills at Johnson & Co's Drug Store and it did not take them long to make me well. The pains all left and the action of my kidneys became regular. I am now free from kidney weakness."

thirty-five, playing marbles with a crowd of towheaded boys, and they were beating him at the game while Nan was standing near, her long plait of black hair hanging down her back, laughing at him because he was barefooted!

They started next day at 8 o'clock with the pack horses to make the trip along the dim bridge trail, fourteen miles up the sides of frowning cliffs and over the tops of balsam crowned peaks to the summit of Mount Mitchell.

Nan led the way, mounted on a sure footed young stallion, and Stuart followed her on a little black mule he had selected from the barn for his exact likeness to one he had raised as a pet when a boy. The youngsters came struggling after them, mounted on an assortment of shaggy, scrubby looking animals that knew the mountain path as a rabbit knows his trail in the jungle.

At 1 o'clock they passed through the first series of clouds and out into the sunlight beyond. The next line of clouds was dark and threatening and suddenly poured rain. Slowly but surely the horses picked their way up the mountain side through the storm and suddenly walked out into the sunlight again; they looked down on the smooth flat surface of the clouds through which they had passed.

It was dusk when the party reached the summit. The horses were loosened to graze in the open field and the guides hurried to build a fire in front of the cave made by a projecting ledge of rock beneath which the party was to sleep.

The bed of balsam boughs was too sharp a contrast to Nan's million dollar room to permit Stuart much sleep. Besides, the youngsters were giggling and laughing and joking most of the night. Only a big log marked the partition wall between the men's and women's part of the cave. The space was so limited it was necessary to sleep close together. The girls and boys never grew tired cracking silly jokes about the magnificence of their sleeping quarters. In vain Nan begged for quiet. It was 3 o'clock before they were still at last and she fell into a deep sleep.

Stuart rose, sat before the log fire and watched the regular rise and fall of her bosom as she slept like a child. On a distant mountain side he heard the howl of a lonely wolf. Sixteen years ago the mountains were full of them and they came quite close. He was reminded of the narrowing strip of the savage world, fast disappearing before the march of civilization. Somewhere inside of him he heard the lonely cry of another wolf.

"She's mine—mine! Nature gave her to me in the morning of life—I was a fool. I should have taken her by force, if need be, and she would have thanked me in after years. She has complied with the conventions of society and trampled the highest law of life. Why not smash convention now at the call of that law?"

Again the wolf howled in the distant darkness, and it seemed the echo of his own mad cry. He waked from his reverie with an angry start. He shuddered that he could have harbored the thought for a moment.

The eastern horizon was beginning to glow with the dawn. He rose, walked to the summit and sat down on the pile of stones that marked the grave of Professor Mitchell. He watched in silence until he saw the sun's red rim suddenly leap above the blue black peaks of the east and drive the last shadow of the night from the valleys below. With their fading mists he felt the darkness lift from his own heart and the sunlight of reason stream in. A new joy welled up from the depths of his spirit. He was alive to his finger tips, and his imagination glowed with the consciousness that life was strong and clean and worth while.

"With the help of God I'll keep it so, too," he cried. "I'm ready for the fight now. Let it come."

He knew instinctively that it was coming. He felt it in every word that had fallen from Nan's lips since they left on this trip. He felt it most keenly of all when she was silent, read it in the tremor of her mouth, the shadowy tenderness of her eyes, the low, deep tones of her voice.

To be continued.

### A GOOD PRESCRIPTION For a Long Life.

This is the prescription for a long life given by an old gentleman in Conn., who is 99 years old and still well and cheerful—"Live temperately, be slow to anger, don't worry, take plenty of exercise in the fresh air, and above all keep cheerful."

Should the system get run down—digestive organs weak—the blood thin and sluggish take Vinol, which is a delicious combination of the medicinal-body-building properties of cod's livers, with the useless grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength creators in the world for aged people.

Mrs. Mary Ivey of Columbus, Ga., says: "If people only knew the good Vinol does old people you would be unable to supply the demand; it is the finest tonic and strength creator I ever used."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction. F. B. Johnson and Company, Druggists, Rushville, Indiana.

P. S. If you have any skin trouble try Saxo Salve. We guarantee it.

## HE NEVER HEARD OF SECRET FUNDS

McNamara's Checks Unknown  
to Auditing Board.

HAD IMPLICIT FAITH IN J. J.

Former Member of Auditing Committee of Iron Workers' Union Declared That He Knew Nothing About the So-Called "Dynamite Fund" of \$1,000 a Month Alleged to Have Been Disbursed by Former Secretary.

Indianapolis, Dec. 6.—On the witness stand in federal court, Henry W. Legleitner, formerly of Pittsburg, former member of the iron workers' executive board, made a detailed denial of every charge against him in the dynamite conspiracy case.

Legleitner insisted that in spite of the fact that he was a member of the auditing committee and went over the accounts of the union, including the examination of the checks, he never saw or heard of the \$1,000-a-month checks drawn in favor of J. J. McNamara. The "\$1,000-a-month" is now commonly known as "the dynamite fund," although listed in the association's records as "set aside for organizing purposes by order of the executive board."

Legleitner, an excellent witness while being examined by his own counsel and in his own behalf, failed to hold himself together under cross-examination as to his knowledge of the expenditures of union funds, although he invariably denied that he knew about the \$1,000 a month fund.

The cross-examination of this witness brought out for the first time during the trial that Ryan had given instructions to Legleitner and Hockin to agree to nothing unless by the advice of Leo M. Rappaport, and that he had directed them to follow the officers and others who were making a search and "see that they took nothing." It was while being pressed on cross-examination as to why he had objected to the officers breaking into the dynamite storage room in the basement, that he made the explanation as to Ryan's instructions.

Ryan, in his own testimony, had said that as soon as he learned that it was the superintendent of police who was in charge of the search and that explosives were being looked for, he raised no further objections, but was willing that the search continue. The testimony of Legleitner places Ryan's instructions to him at a later time than the time Ryan said he was willing that the search continue, and that he put no obstacles in the way.

Legleitner declared, as will all board members, it is understood, that he had had implicit faith in J. J. McNamara. Asked whether he still had, he said he "was a little in doubt."

### BLAMES GOSSIP

Woman Murderer at Logansport Says She Will Plead Guilty.

Logansport, Ind., Dec. 6.—Mrs. Joseph Lange, married one night and in jail the next night charged with murder, persists in asserting she shot and killed Mrs. May Copple, the white wife of a negro, on the spur of the moment. She says she was goaded into fury by the disparaging remarks of her victim. Mrs. Lange says she will plead guilty to manslaughter and that when

she goes to prison her husband will be able to get a divorce and marry a good woman.

Mrs. Lange declared that Mrs. Copple had told other women about the defendant's past life, and this angered her because she was trying to do right. "The road back is thorny enough without others making it worse," Mrs. Lange said. "I'd like to tell everyone that no woman gets so bad that she doesn't long to be good. If people knew what harm gossip caused they would hold their tongues. Sometimes persons get so mad that they decide to stop a gossip's tongue in the wrong way, the way I did, but that always makes matters worse."

#### Complainant Charges Slander.

Danville, Ind., Dec. 6.—Suit for \$25,000 damages for alleged slander on the part of Aaron Overstreet, a farmer of Hendricks county, has been brought in the circuit court by Mrs. Mary A. Walter. It is alleged that the defendant said Mrs. Walter "gave her husband something to take him away." Walter's death was caused by pneumonia, according to the plaintiff. Overstreet is the husband of the dead man's sister.

#### As Vienna Views It.

Vienna, Dec. 6.—The European situation remains the same in all particulars. Count Von Berchtold, the foreign minister, is still withstanding the anger and irritation of the Austrian people and is pursuing his own moderate policy. Russia, too, through Premier Kokovtzeff and Foreign Secretary Sazonoff, continues to apply influence to Serbia to bring it in line with the European policy and peace. It is believed that the danger of a European war is now averted.

#### Federal Council of Churches.

Chicago, Dec. 6.—The second quadrennial council of the federal council of the Churches of Christ in America is in session here with an attendance of about 400 delegates, representing thirty-two American Protestant churches, with a total membership of approximately seventeen million communicants. The work in hand seems to be that of pulling the church up to meet Twentieth century conditions and to interest men in church work.

#### Luncheon in Marshall's Honor.

Chicago, Dec. 6.—Vice President Elect Thomas R. Marshall will be the guest of honor at a luncheon given by members of the Wabash college alum-

ni association of Chicago at the Hamilton club Saturday. The speakers will be Dr. John M. Coulter of the University of Chicago, formerly a professor at Wabash college; Charles M. Moores, an attorney of Indianapolis, and George A. Mackintosh, president of Wabash college.

#### Suicide of a Despondent Boy.

Richmond, Ind., Dec. 6.—The dead body of Ivan Dye, nineteen years old, was found in a downtown rooming house. There was a bullet hole in the boy's right temple and at his side lay a revolver. Letters which young Dye had in his pockets indicated he was despondent because of ill health.

Mrs. Monroe Davis and Mrs. H. W. Davis Perhaps Seriously Hurt in Clarksburg Accident.

### FORMER HAD JUST RECOVERED

Mrs. H. W. Davis and Mrs. Monroe Davis of Clarksburg are recovering from injuries they received in an accident between their home and Greensburg late Wednesday afternoon when their horse frightened at an automobile and upset the buggy down an embankment.

According to the Greensburg Review, Mrs. H. W. Davis escaped with only a sprained shoulder and breast, and this morning was very sore from the bruises received. Mrs. Monroe Davis is perhaps seriously injured. She was making her first long trip since a severe spell of sickness this fall. It is feared that the nervous shock may prove serious. Her back and head are pretty badly injured, her back being strained, so that she suffers greatly. Mr. Doles, while not injured at all, was so badly frightened that he had to ask his well known friends who they were. Mrs. H. W. Davis had the presence of mind to grab the horse by the bridle and thus averted a runaway. She continued her way, driving her horse herself, as it has always been counted a gentle one. Mr. Doles took Mrs. Monroe Davis home in his auto.

Joseph Hill, of this city, who rightfully claims the place of the leading colored politician of Shelby county in the Democratic ranks, is a candidate for the position of minister to Hayti, which pays a salary of \$8,000 a year, says the Shelbyville Republican. Mr. Hill has been offered a position by Congressman Finly Gray, of Connorsville, as a page, at \$1,500 a year, but this position he has turned down, after concluding that he desires a better place.

## RUSHVILLE WINS HARD FOUGHT GAME

Takes Milroy Eurekas Into Camp by 20 to 19 Score—Gunning Saves the Day.

### LOCALS RECEIVE BIG SCORE

The Independent basketball team was forced to the limit last night in the game with the Milroy Eurekas and it was only by the hardest kind of a fight that Rushville won. The score was 20 to 19. The game was as close and exciting as the score indicates and Rushville won in the last few minutes of play.

The Eurekas threw a life size scare into the local team and in the last half forged ahead and it seemed as though the locals faced sure defeat. Three field goals by Gunning near the end of the game put Rushville one point to the good and saved the game. The first half ended, Rushville 10, Milroy 6. Milroy got together in the final period and seemed to have the game cinched by the score of 19 to 14 when Gunning saved the day for Rushville. The game was well played and was witnessed by a fair sized crowd, many Milroy rooters being present. The line up and summary:

Milroy—Harcourt, Forward; F. Harcourt, Forward; Thomas, Center; Halterman, Guard; "Hop" Thomas, Guard.

Rushville—Gunning, Forward; Ferguson, Forward; Burch, Center; Carroll, Guard; Petry, Guard.

Rushville, 20; Milroy, 19. Field goals—Harcourt, 3; F. Harcourt, 3; Burch, 2; Gunning, 5; Petry, Carroll and Ferguson. Goals from foul—Thomas, 7. Time of halves—15 minutes. Referee, Moore.

### BREAKS ARM.

Hal Leffler, age ten years, son of Mr. and Mrs. Eugene Leffler of St. Paul, suffered a broken arm while playing during recess at the St. Paul school yesterday. He was scuffling with some boys and was thrown to the ground with such force that his left arm was broken just below the elbow. His fracture was of such a serious nature that the attending physicians took him to Shelbyville to have the injury treated by a specialist.

## BASKETBALL IS ON TAP TONIGHT

Two Games Will be Played With Manilla Fives at Falmouth—Carthage at Shelbyville.

### QUINTETS THICK OVER COUNTY

Basketball teams are springing in Rush county like weeds in a corn field. One is to be found in every hamlet, and at almost every cross roads. Many independent teams in the towns of Rush county play very fast ball because the most of them have been organized for several years and the players have worked together so long that they have team play to perfection.

Friday night is generally the time for the games. Tonight will be no exception. The Carthage high school five will play Shelbyville high school at Shelbyville tonight. The Waldron Cubs will play the Shelbyville high school alumni team at Waldron.

The Manilla Independent and the Manilla high school quintet will journey to Falmouth tonight, playing the Falmouth Independents and the Falmouth high school team. The Manilla teams will line up as follows: Independents, guards, Hilligoss and Beach; center, Gardner; forwards, Fox, Inlow and Carr; high school, guards, Johnson and Sheedy; center, Edwards, forwards, Robinson, Miller and Theobald.

## DON'T PASTE SEALS ON ADDRESS SIDE

Postmaster Frazee Cites Sections From Postal Guide Regarding Use of Imitations

### VIOLATION CAUSES RETURN

Patrons of the postoffice are warned not to place Red Cross Christmas seals on the address side of envelopes. They should always be stuck on the back so that they will not confuse the clerks, or perhaps be accepted as U. S. stamps causing the mail to be carried for nothing.

Postmaster Frazee has cited two sections from the Postal Guide in regard to this as follows:

"No adhesive stamps, or imitations of stamps, of any form or design whatever other than lawful postage stamps, shall be affixed to the address side of domestic mail matter, but such adhesive stamps, provided they do not in form and design resemble lawful postage stamps, and do not bear numerals, may be affixed to the reverse side of domestic mail matter.

"All domestic mail matter bearing, on the address side, adhesive stamps, or imitations of stamps, other than lawful postage stamps, will be returned to the sender, if known; otherwise they will be forwarded to the Division of Dead Letters."

IS NOT RUNNING  
SODA FOUNTAINContrary to Housewives' Belief City  
is Still Furnishing Pure Water  
at Old Stand.

## WHY THEY ARE MISGUIDED

Gas and Air in Water Mains Make  
Faucets Sputter—Looks Like  
Skimmed Milk.

The city of Rushville has not opened a soda fountain; neither has it installed a dairy for the benefit of the public in general. There's gas in the city's water mains—that's all.

Many patrons of the city water plant have been receiving something that looks like milk through the water pipes. Some have quaintly remarked that it resembled soda water.

And that's no joke—it did—or rather, it does. It—which still means water—has been mixed with some white substance which made it resemble skimmed milk or soda water direct from the fountain.

And kitchen sinks have seemed to be soda fountains—so realistic has the resemblance been. To add to the reality of the situation, the water sputters like a regular soda fountain when one turns on the faucet, and housewives can stand and play with the kitchen faucet all day and imagine they are behind the fountain drawing drinks.

But it doesn't taste so bad at that. To say that there is gas in the water may make some housewives take fright, but it's not harmful—take A. T. Mahin's word for it. And with this mixture add a portion of air and you have the water which Rushville patrons are getting now.

Gas, air and water combined, in some cases, is injurious, but not so in this instance. Gas alone would probably be harmful, but there's little of it. Fresh air fiends will be delighted that there is a good portion of air and lovers of pure water will not object.

The gas will not last long—nor will the air. The gas comes from one of the three new wells at the foot of First and Second streets and the air got into the mains the other night when they were being flushed to get the iron rust out of the water.

Rushville water will likely be normal in a few days. The iron rust was so thick in the water that the superintendent shut down the pumps Wednesday night and Thursday morning and cleaned out the mains. When all the water ran out, the mains naturally filled with air. When water was pumped back into the mains it had to mix with the ever-present air or not go in at all. The pumps were more forceful than the water's desire not to lock arms with air, hence the mixture.

It's the air that gives that soda fountain sensation when one turns on the faucet. The gas plays a minor role in this performance, helping out on the sputter when the air has about spent its force.

But even if one of the three new wells has gas in it—and it will soon disappear—the three latest additions to Rushville's water system are furnishing the normal supply, according to the superintendent.

When water patrons do not act like hogs and try to use all the water in the universe, the three wells can do it. In fact they more than do it some times. When they get the pressure up to limit the automatic pumps just stop pumping.

The pumps on the old wells in the west part of the city are kept running slowly but they pump very little water, if any. The old wells are being given an opportunity to recuperate.

Local People Also Have Stock at  
International Show.

A few Rushville and Rush county people are attending the International Live Stock exposition in Chicago this week. Special interest is attached to the show here because O. M. Harton, living west of the city, has some fine Chester White hogs entered for the prizes. Select specimens are gathered from all parts of the earth, and to win a prize against such competition means something. Cattle from European countries is imported for the show and the best the United States has to offer is being shown. The show will come to a close tomorrow.

RECORD PRICE IS  
PAID FOR CATTLEChicago Firm Purchases Fifty-Four  
Head From Megee Brothers at  
\$10.75 Per Hundred.

## STEERS WEIGH 1400 POUNDS

What is believed to be a record sale of cattle was made this week by Oliver and Frank Megee, living east of the city, when they sold 54 Hereford steers in Chicago for \$10.75 per hundred pounds. This is claimed to be the highest sale of beef cattle ever made from Rush county. The cattle weighed 1400 pounds and were sold by Clay Robinson & Co. of Chicago, for the New York Christmas market.

The Megee brothers purchased the cattle at Kansas City, through Jerry B. Offutt, formerly of Arlington, in October, 1910. The calves at that time averaged 350 pounds and that the stock fared well in the hands of the Megees is shown by the final results.

DAMAGE SUIT IS  
IN HANDS OF JURYCase of Frank Wilson Against Ed-  
ward Frazee is Submitted For  
Verdict This Afternoon.

## TO RECOVER FOR INJURIES

The \$1,200 damage suit of Frank Wilson against Edward Frazee of this city went to the jury in the circuit court this afternoon at three o'clock. The argument was concluded shortly after two o'clock by John A. Tittsworth of the defense. Ben L. Smith, attorney for the plaintiff, preceded him. The argument was opened by Donald Smith of the plaintiff's counsel and Richard Sipe of Indianapolis, brother-in-law of the defendant, opened for the defense.

It was the theory of the defense that, regardless of the fact that Edward Frazee had pleaded guilty to violating the traffic ordinance, the jury should not find for the plaintiff because the evidence tended to show the horse was not hurt. The defense also argued that the suit for damages was on the theory that the animal had been injured so that it could no longer race, and the plaintiff's own witnesses testified a horse which could not go better than 2:29 was valueless for racing purposes.

DEDICATED TO  
DR. HENRY MOOREChristmas Seals Campaign This Year  
Will be Memorial to His  
Endeavors.

## ACTIVE WORKER IN CAUSE

Every Person Urged to Double Ef-  
forts With The New Purpose  
in Mind.

The 1912 Christmas seals campaign is to be dedicated as a memorial to the late Dr. Henry Moore, whose death occurred in Indianapolis this week. Dr. Moore, as State organizer for the Indiana Association for the Study and Prevention of Tuberculosis, has been the most active member of the Christmas Seals Commission, and has formed organizations in most of the counties of the State.

He died at his desk in the State house just as he had completed his annual report. He believed that the sale of seals this year would be the greatest in the history of the state and would raise a large fund to be used in relieving and preventing tuberculosis in this State during 1913.

The other members of the state commission—Prof. Severance Burrage, Dr. Theodore Potter, Mrs. L. W. Ellingham and James W. Lilly have determined to make the campaign a memorial for Dr. Moore and to this end the following declaration is being circulated:

"In the death of Dr. Henry Moore, the great humanitarian fight against tuberculosis in Indiana has suffered an irreparable loss, and this Red Cross Christmas Seals Commission, of which he was a most active and valuable member, feels most keenly the effect of his sudden removal from this work.

"We recognize however, the fact that his influence will continue to be a stay and support to this work and in this we have pleasure. For Dr. Moore's services were so evidently unselfish and broad spirited, that his work will be an inspiration to all citizens of large heart, who have come into contact with him in this movement.

"And so the members of this commission recognize that the most impressive tribute which may be paid to the memory of this good man, will be expressed by an increased effort to advance the cause which he loved and for which he gave his life. It was his ambition to see the citizens of Indiana raise a fund of at least \$20,000 by the purchase of the 1912 Christmas seals, for the purpose of carrying forward an aggressive fight against the white plague in this State during the coming year.

"We therefore resolve that the remaining days of this Christmas seals campaign shall be dedicated to an intensive effort in behalf of this movement, to the end that Dr. Moore's vision of suffering relieved and happiness restored in thousands of Indiana families, through the stamping out of this dread disease, may become a reality.

"So we pledge our devotion to the cause and we earnestly urge every person engaged in raising the fund to a doubling of effort, with the purpose in mind of making this 1912 campaign a fitting memorial to its fallen advocate.

Early giving is necessary if the poor little children of Rushville are to be made happy by the gifts of the Daily Republican Santa Claus fund. The fund is moving slowly, but there is little doubt that it will ultimately be successful, as it always has been.

In past years the fund has always bounded to the high notch in the last week before Christmas. This has kept the managers in suspense all the time to ascertain the probable total of the fund so as to determine what and how much to buy for the youngsters that are to be benefited.

Names are being sent into charity workers who have been in charge of the buying in past years, as well as to the Republican office. Letters to Santa Claus have been received at this office, and in many of them is a note of childlike faith in Santa Claus, a confidence expressed that he will not overlook them. It is hoped that Rushville's Santa will be financially able to visit all of them.

Many children have taken advantage of the offer made by the local merchants to win a beautiful doll and a valuable football by selling tickets to the Palace theater benefit show for the fund next Monday night. A large number of tickets have been sold already. The girl selling the greatest number will receive the doll and the boy selling his greatest number will get the football. No child over fourteen years of age can compete. The prizes are on display in Hargrove & Mullin's drug store window.

## WOKE UP WITH SHUDDER

But Rushville Went to Bed Last Night

Rushville went to bed last night perspiring and this morning woke up with a shudder. No wonder! There was a drop of forty degrees in temperature during the night. The weather man prophesied a cold wave—and it arrived. The thermometer registered thirty degrees above this morning, and the mercury has been holding 'er steady all day. If any change at all, it was for the worse. A few thermometers recorded a drop of two or three degrees during the day. A continuation of the cold is promised.

RAIN BENEFITS  
THE WHEAT CROPRains of This Week Come in Time to  
Prevent it From Being Dam-

## PROSPECTS ARE EXCELLENT

The farmers declare that the wheat fields were in need of moisture and that the rain Sunday night came at a good time. In many places the ground could stand much more rain. The wheat, it is reported, is looking fine and with a favorable winter the prospects will be excellent for a good crop next summer. A large acreage of wheat was sown this fall. Considerable rye was also sown and this is in fine condition.

There has been some fly reported but not very much, and in a few fields a good stand was not secured owing to rains which fell immediately after sowing which made a crust on the ground and hindered the young plants from getting through.

High winds with the dry condition of the ground was also another source of much damage before the present rain. One farmer stated that should the wind blow strong for a day or two with the ground in such a dry condition as it was and then a sudden hard cold spell set in that the present wheat crop could be almost entirely killed in a few days. The farmer said that exactly this condition happened in this county about twelve years ago and the crop was nearly ruined.

FUNDS IN PLENTY  
FOR XMAS GIFTSDeposits in Rushville Banks Indicate  
There is Enough Money For  
Holiday Buying.

## INSTITUTIONS ALL PROSPER

Total on Deposit is Not Quite as  
Great as at Last Published  
Statement.

"I wish I had some money for Christmas," is the lament heard on every hand about this time of year. Now, it appears that many have no money to use in buying Christmas presents, but, on the other hand, it is evident that at least a portion of the city and neighborhood's population has a snug sum stored away in the local banks.

The three Rushville banks have in the neighborhood of one and a half million dollars on deposits, as shown by the statements printed in this paper yesterday. This amount really should be enough to buy Christmas presents for every man, woman and child in the city and adjoining country then there would be some left over for peanuts and oranges.

Local people have \$1,221,033.62 on deposit in the three local banks. At least they had that much at the close of business November 26, as that is the date for which the statements are made. The controller of the currency called for a statement of the condition of all national banks yesterday at the close of business November 26. Each bank waits until the others have their statements ready and then they are all published together.

The statements for November 26, as published yesterday, show deposits in the banks as follows: Rush County National, \$496,758.95; People's National, \$412,160.27; Rushville National, \$339,114.40.

The total amount of money on deposit at the last published statement Monday, September 10, was \$1,321,071.19, which was apportioned among the three banks as follows: Rushville National, \$348,494.83; People's National, \$436,664.88; Rush County National, \$535,911.48.

The total on deposit is not as great now as it was in September, as shown by the statements. This is probably due to the fact that farmers sold their wheat in August and the first of September. Corn money will begin pouring into the banks and will probably make the next statement larger.

of the poor appealing for Christmas remembrances. The Postmaster-General feels that the Postoffice Department should aid, so far as possible, in the philanthropic work of meeting the requests.

If the letters fail to bear postage stamps, it will be necessary, under the law, for the Postmaster to forward them to the division or dead letters, but, in that event, he is authorized by to-day's order to submit the names and addresses of charitable institutions that are willing in worthy cases to look after the wants of the writers. While this method of handling "Santa Claus letters" will entail some additional work upon the postal service, Mr. Hitchcock believes the purpose in view will justify fully the expense.

### Keeping Christmas.

"There is a better thing," says Henry Van Dyke, "than the observance of Christmas, and that is keeping Christmas."

Every individual of a Christian nation will observe Christmas day two weeks from Wednesday. But how many of those individuals, do you suppose, will keep Christmas?

The burglar and the absconding bank president will observe Christmas day. The church will observe Christmas day. And so will the saloon and the brothel and the gaming resort. The poor and the rich will observe it, the one keenly and the other extravagantly.

But how about keeping Christmas? How many of us there are who forget the real spirit of Christmas and instead of keeping it merely observe it, passively, selfishly, although we may be reasonably good people who abhor absconding bank presidents and burglars and saloons and brothels and poverty.

If we but lay off from our labors and eat a big Christmas dinner and revel in the breaking open of Christmas surprise packages, thinking only of what we ourselves want, we merely observe Christmas and the day as a meaningless holiday that were

Supposing, though, that we really and truly keep Christmas. If we reflect back to the day of the birth of the One whose birthday anniversary we celebrate, if we let that reflection permeate our thoughts of the day's joys, if we forget just what we want for Christmas and think what others want, if we see our own shortcomings and the virtues of others, if we strive to learn the lesson of the golden rule, if we put aside our envy of the better off and put in its place a sympathetic, brotherhood thought for those less fortunate than we, if we give with greater joy than that we have in receiving, if we resolve to be of more use to the world and our families and ourselves during the year to come instead of putting off that resolution until a week later, then we will be keeping Christmas, and Christmas day will have a real meaning.

It is good that there is such a holiday as Christmas day, for it is sure to do a great many of us a great deal of good. The rich will continue to suffer, but even though this be true, Christmas day will do a great many of us a great deal of good, and it will serve to sober the

extravagant and appease the suffering of poverty.

The purpose of the Indiana Better Roads convention at the German House in Indianapolis, Dec. 11, 12 and 13 is to crystallize the sentiment in favor of a better roads law. Every citizen is invited to attend. The convention idea has received the hearty endorsement of public-spirited citizens and of commercial and trade organizations generally over the state.

### The Extra Xmas Clerk.

Shopper—I am shopping early this year.

Extra clerk—"S'at so?"  
Shopper—Yes. I would like to look at your baking dishes.

Extra clerk—Sure, that's where we shine. We have them in all colors. Brown is preferred by the best people. Don't know why, unless it is because things are generally brown after they've been baked.

"Don't know that would be any advantage, when I come to think about it. Might be a disadvantage. One couldn't tell the disk from the baked, could you? Hadn't thought of that. We have them in silver color. Some of our most respectable customers like those. Don't know but what they've been heaviest with the trade."

"Baking dishes are something which no kitchen cabinet should be without. They are the mainstay of every kitchenette. We've got em that'll whittle when the baking's done. They are the best sellers. Wife can hang over the garden fence and gossip with the neighbor while the baking dish does the work. Popular? Why I know—"

"You're not a gossip? You don't hang over the garden fence? You didn't come here to be baked brown by insinuations? You are sore? You never will come back, eh? Well, ta, ta."

## QUICKLY FROM LEAN TO FAT

Interesting Possibilities an Outcome of Recent Experiments.

Despite the abundance of dietitians, amateur and professional, there is still room for a considerable increase of our knowledge regarding assimilation and nutrition. This is well illustrated in some recent experiments by F. G. Hopkins of the Cambridge physiological laboratory in England, the New York Evening Post remarks. Dr. Hopkins found that the addition of comparatively insignificant amounts of certain substances to his rations made all the difference between success and failure. He was feeding rats on a carefully measured and purified ration, upon which they should, theoretically, have thrived. But they refused to grow. However, when he added to the ration 4 per cent of milk they began to climb almost like the famous beanstalk.

The actual food value of the small milk addition could not be considered an explanation. The first and obvious conclusion seems to be that the milk acted as what is called a catalyst—that is, its mere presence had the power of promoting the absorption and assimilation of other food. It was proved that a small quantity of milk added to the diet reduced the quantity of the latter (used alone) necessary to produce a given increase of weight by 50 per cent.

It appears that other experimenters have obtained somewhat analogous results by the use of extracts of yeast. It is obvious enough that if these experiments mean what they seem to mean, viz., that certain substances within our reach have the remarkable power of greatly increasing the nutritive value of foods, very important results in the sciences of human and animal feeding may be expected to follow them. If, for example by the addition of a relatively insignificant amount of some cheap catalyst the farmer can fatten his stock on half the grain ordinarily required, the steadily advancing cost of living will receive a notable check.

—Chicago Record Herald.  
A small supply of the remarkable substance known as "Food Catalyst" may be obtained from The Flexine Co., Indianapolis, Ind., which they will furnish with full instructions for use to persons thin in flesh and who apply before supply is exhausted, at \$5.00 per package. Only one package can be furnished to each applicant until a larger supply can be obtained. Advertisement.

### GORDON - RHODES.

A pretty home wedding took place at the country residence of Mr. and Mrs. A. M. Rhodes, west of Mays, Sabbath afternoon at four thirty o'clock, when their only daughter, Bernice, was united in marriage to Elbert Gordon, son of Mr. and Mrs. John Gordon, near Plum Creek. The Rev. Hanna, of Indianapolis, pastor of the Center church, pronounced the ceremony. The bride wore a dainty dress of white maquette over mesaline, with trimmings of hadow lace and white satin ribbon. The color scheme of pink and white was used in the dining room, which was decorated with pink and white hearts and pink and white carnations. The refreshments were pink and white ice cream, cake and coffee, and pink and white candies. A number of handsome presents were received, consisting of china, cut glass, silver ware and aluminum. About sixty-five guests were present, some from Indianapolis, Lewisville, Mays and Knightstown. Mr. and Mrs. Gordon are highly respected young people and have the best wishes of a host of friends for their continued prosperity. The newlyweds will go to house-keeping on a farm near Plum Creek.

### ASTHMA CONQUERED BY NATURE'S REMEDY

A. B. SANFORD.

After suffering from asthma for several years, Mr. A. B. Sanford, of Marion, Indiana, is now enjoying good health. His recovery is explained fully in the following statement:

Marion, Ind., September 22, 1912. "Feeling desirous of expressing my feeling toward Nature's Creation, I cheerfully submit the following statement: I was troubled with asthma for about two years before I read about Nature's Creation and was about to give up work. I had a cough and would wheeze all the time. I could not sleep at night and appetite was very poor. I began taking Nature's Creation and before I had taken half of one bottle I could sleep good and appetite got better, in fact, I felt better than I had for some time. I have been able to work every day since and am feeling good. I have recommended Nature's Creation to all whom I know to be sufferers from asthma and will be pleased to recommend it to any one, and sincerely hope my experiences will be the cause of relief to some poor sufferer from asthma. Will be delighted to answer any communication in regard to the good Nature's Creation has done for me. Respectfully yours, A. B. Sanford, 506 S. McClure St."

### THE ABOVE LETTER

is only one of many received daily telling of the remarkable results obtained at home by the use of Nature's Creation in the treatment of asthma, tuberculosis and the conditions which lead to it, such as bronchitis, impure blood and run-down system. and is continually increasing is because we are giving our customers true value for their money. This is the one policy that is bound to build up a business and the only one that never fails. When you see our line of storm buggies and compare the quality of them with other makes on the market you will see that our buggies are far ahead of the rest in style, quality and finish and the large business we have built up by giving honest values, enables us to buy buggies in large quantities and by doing this we can buy at a price that puts us in a position to sell you buggies at a price that our competitors are unable to meet with the same class of goods. Don't buy a Storm Buggy until you have examined our line of buggies. We have the buggy you want at the price you want to pay, and if you don't get it, it won't be our fault.

We shall be pleased to show you the latest achievement in double lens construction for far and near vision—the new bifocal.

This new lens, as far as looks are concerned, is apparently solid and purely transparent, although, in fact, it is composed of two parts. The conspicuous line which divides the lenses of the old style cemented bifocal is eliminated, then too, there is no segment to drop off.

This lense appeals more and more strongly to the discriminating wearer of glasses—one who appreciates and values added comfort and neater appearance.

Walking Club May be Organized in  
Rushville Yet.

The article in the Daily Republican the other night relative to the organization of a walking club has met with favor. One man has taken a decided stand for a walking club and says he would like to see something of the sort done. "Likes" are the real pleasure he gets out of life, he says, and if any person will join with him, there will be a real walking club formed. He doesn't care for the publicity just now, but if there are those who would like to walk regularly and rationally, they may call the Daily Republican and the name of the enthusiastic one will be whispered by phone.

YOUTH IS HELD  
TO GRAND JURY

Ray C. McLeer, Who Worked Near  
Carthage, Arraigned Before  
Knightstown Squire Last Night.

## HE STOLE HORSE AND BUGGY

Ray C. McLeer, a youth who says he came from Holandsburg, Ohio, and who was arrested in Indianapolis yesterday for the theft of a horse and buggy in Knightstown, was taken back to Knightstown last evening and given a preliminary hearing before Squire Davis. He was held to the Henry county grand jury which will investigate.

McLeer first said he met two boys with the horse and buggy and they deserted it, leaving him holding the bag. He later admitted he had stolen the outfit from the Knightstown hitchrack. The horse and buggy belonged to Harry McNew of near Knightstown. When he discovered the theft Wednesday night, the horse thief detective association was notified and at once sent a description of the outfit to nearby cities. McLeer says he has been working for a farmer near Carthage.

SUIT AGAINST THE  
SUGAR TRUST DEAD

Government Dismisses Celebrated Action.

New York, Dec. 6.—Judge Hough, in the federal district court, on the motion of United States Attorney Wise, has quashed the indictment against the American Sugar Refining company; John B. Parsons, the octogenarian attorney for the sugar trust; Washington B. Thomas, George H. Frazier, Arthur Donner, John Mayer, Charles H. Senff, Gustave E. Kissel and Thos. B. Harned.

Attorney Wise's motion was made at the suggestion and with the approval of Attorney General Wickersham. Mr. Wise's reasons for asking the dismissal of the indictment were:

That the government was unable to prove any affirmative acts by any of the defendants at any time within three years prior to the date when the indictment was returned; that the jurors who sat through the first trial had disagreed as to a verdict because of the obvious applicability of the statute of limitations to the case; that John B. Parsons is eighty-four years old, and that all the living defendants are well advanced in years.

Since the indictment charging conspiracy in restraint of trade and interstate commerce was handed down, July 1, 1909, two of the defendants, Charles H. Senff and Gustave E. Kissel, have died. Thomas B. Harned was granted immunity by turning witness for the government.

## Mystery in a Hotel Death.

Catlettsburg, Ky., Dec. 6.—The body of Miss Minnie Turner was found in a hotel here when the owners of the hotel forced the door. James York, Huntington, W. Mrs. York seemed not to know that Miss Turner was dead, although the indications were that she had died at least forty-eight hours before.

Parson Hicks Says Cold Wave is  
About to Hit Us a Solar  
Flexus Now.

## "REGULAR" STORM DUE ALSO

Then There Are "Reactionary"  
Storms And All Other Kinds of  
Storms on Tap.

Parson Hicks, the St. Louis weather prophet, is a little late with his weather prophecies for the month of December, but here they are. We are going to have some weather, according to the following, but at that it appears that the coal pile will not receive such a severe jolt:

A regular storm period is in progress as we enter December. Low barometer, much warmer weather, with electrical storms will be most natural on and touching the 2d. Rain and winter thunder will touch many sections, followed by sudden change to colder—a cold wave spreading far to the south and east.

A regular storm period covers the 5th to the 9th, central on the 6th. A very low barometer at this time should be regarded as positive warning of severe winter storms. These storms will cover most parts of the country, accompanied by thunder, lightning and wind, especially in the south. About the 8th look for change to blizzardous conditions from the northwest, followed by a fierce cold wave which will penetrate to the far south and east.

A reactionary storm period is central on the 11th, 12th and 13th. This period of ten days central on December 11th, each year, there are magnetic and electric perturbations, of "each currents," auroral lights and other disturbances. Many such things will be reported on and near the 10th, 11th and 12th. Rain and snow will visit wide areas, moving from west to east. At all December periods, if the barometer shows very low readings, prepare for vicious storms and for sweeping cold waves to follow.

A regular storm period includes the 16th to the 20th; central on the 17th. Winter lightning and thunder will visit many localities and violent storms of rain, turning to snow and high winds will prevail over land and sea during the 18th, 19th, 20th and the 21st.

A reactionary storm period will bring renewed storms of wide extent and great force on and touching the 23d, 24th and 25th. Most parts will get a supply of snow for Christmas before and during this period, with a cold wave rushing from west to east from about the 24th to 27th. The month will end with rain, sleet and snow.

## NOT MUCH HELP.

Muncie Press: The Indianapolis Star notes with evident glee that some Indiana newspapers are coming out for Bull Moosers in order to get a share of the county printing, just as though a newspaper that would change its politics or surrender its convictions for a little county printing would be worth anything anywhere. The newspaper that hangs onto a party simply for what it gets out of it, is never of much benefit to a party or a community, as the Bull Moosers will soon find.

J. W. TOMPKINS SAYS:

I Have a Carload of  
Storm Buggies

I think they are better than I have ever before had in my place of business. It is better finished, has a better way of getting in and out and is better trimmed than any job ever sent to Rushville. I have the price on this job and you can buy for cash or on time with payments to suit.

These are the greatest bargains ever landed in the city and you will say so when you see them. Everyone who buys one of these jobs will get his worth for his money.

This is one of the best Storm Buggies made, and this is no lie. I can Prove it by Sam Young. You know.

## AMUSEMENTS

The Princess will show for the first picture tonight a Vitagraph drama "Bobby's Father." Maurice Costello is shown in this powerful drama. The other is a Selig western drama "The Cattle Rustlers." It is a thrilling drama. Tomorrow night "His Lordship, the Valet" will be shown.

The Palace theater will show a two-reel Pathe feature motion picture entitled, "Seige of Calais" tonight. The films depict the story of the most celebrated battle in the Thirty Years war in the Fourteenth century. It is hand colored and is said to be a very realistic reproduction.

The Portola has a three reel Vitagraph feature tonight, "As You Like It" It a dramatization of Shakespeare's well known play and shows the two Vitagraph stars, Maurice Costello and Rose Coghlan in the leading parts. It is said to be an excellent production and acted out in every detail.

The Ercie will show two reels of pictures and a vaudeville act tonight. "A Traitor's Fate" is the title of the first picture and "Running for Congress" is the second. Baldwin and Marietta are putting on a vaudeville act that is said to be high class.

## ALL DOGS TO BE MUZZLED

Lewisville Has Another Mad Dog Scare When One Is Killed.

Lewisville is again in the midst of a mad dog scare. A strange canine, which showed symptoms of rabies, was killed Wednesday afternoon and as a result an order for the muzzling or tying up of all dogs in town for a period of thirty days has been put in force. The mad dog was killed by Marshall Ezra Nelson. Its head has been sent to the State board of health for examination.

## HORSE INJURES ROLAND LEISURE

Physicians Are Unable to Stop Intermittent Flow of Blood From Boy's Nostrils.

## HORSE KICKS HIM IN HEAD

While playing in the barn Wednesday evening at five-thirty o'clock when his father was feeding, Roland, the four-year-old son of Mr. and Mrs. Dora Leisure, of near Gwynneville, was kicked in the head by one of the horses which he happened to pass behind, the blow rendering him unconscious for several hours. The blow was a telling one. Physicians are unable to stop the intermittent flow of blood from his ears and nostrils.

The father was attracted as soon as the accident occurred by the son's screams and he carried him to the house, where a doctor was summoned. Although the injury is a very dangerous one, the physician entertains the highest hopes for the little boy's recovery, as he does not believe complications of a dangerous nature will arise.

## WAGON PASSES OVER HIM

George Wilcoxen Has Trying Experience But Isn't Badly Hurt.

While moving a gas well, rigging yesterday afternoon between Morris-town and Gwynneville with their father's mule team, George Wilcoxen of near Gwynneville, narrowly missed breaking his leg when the two animals tried to run away, and his brother, Raymond, had a trying experience in managing the team. George's limb was run over by one of the wheels of the wagon to which the mules were hitched, but did not break it, although the member was severely wrenched.

## HIT HER WITH STOVE WOOD

Knightstown Girl Testifies Against Her Step-Father in Suit.

The case of Laura Lawson against Scott Lawson for divorce, was heard by Judge Jackson Thursday, says the Newcastle Times. The parties are residents of Knightstown, and indulged in a hand-to-hand encounter in a second-hand store operated by him. It was shown that Lawson had struck his wife a few times and conducted himself in anything but a gentlemanly manner. One of Mrs. Lawson's daughters testified that her step-father struck her mother with a stick of stove-wood. Lawson denied that he had ever struck his wife, but said that she had beaten him repeatedly.

## R. G. BUDD IS SECRETARY.

The school board held a meeting Wednesday and perfected the organization. J. T. Arbuckle, who was secretary, was elected president to succeed A. R. Holden, who resigned to take up his duties as county auditor next term. The new member, R. G. Budd, was elected secretary. Bert Mullin, the Republican member of the board, remains treasurer.

## IS NOT RUNNING SODA FOUNTAIN

Continued from Page 1

ate from their spell of sickness of last summer when they were drawn on so heavily.

"The new wells will furnish all the water needed in Rushville," said A. T. Mahin today, "if the people will just not turn on their hydrants and faucets at night. Whenever the temperature falls to freezing or a little below at night, we can hardly pump enough water to supply the pull on the mains. Patrons let the water run all night to keep their pipes from freezing. When we get the meters on that class of patrons—and we know a good many of them—then the water question will be solved in Rushville.

"People could arrange to turn their water off under the house by a key attached to the pipes and running up through the kitchen floor if they would. The cost of such an arrangement is very little. Many people who have such an apparatus seldom use it but let their water run instead."

Supt. Mahin said he hoped not to have to flush out the mains again in order to rid it of the iron rust. He believes that it is out for good, and that water patrons will have no more trouble with it.

## HE NEVER HEARD OF SECRET FUNDS

McNamara's Checks Unknown to Auditing Board.

## HAD IMPLICIT FAITH IN J. J.

Former Member of Auditing Committee of Iron Workers' Union Declared That He Knew Nothing About the So-Called "Dynamite Fund" of \$1,000 a Month Alleged to Have Been Disbursed by Former Secretary.

Indianapolis, Dec. 6.—On the witness stand in federal court, Henry W. Legleitner, formerly of Pittsburgh, former member of the iron workers' executive board, made a detailed denial of every charge against him in the dynamite conspiracy case.

Legleitner insisted that in spite of the fact that he was a member of the auditing committee and went over the accounts of the union, including the examination of the checks, he never saw or heard of the \$1,000-a-month checks drawn in favor of J. J. McNamara. The "dynamite fund" is now commonly known as "the dynamite fund," although listed in the association's records as "set aside for organizing purposes by order of the executive board."

Legleitner, an excellent witness while being examined by his own counsel and in his own behalf, failed to hold himself together under cross-examination as to his knowledge of the expenditures of union funds, although he invariably denied that he knew about the \$1,000 a month fund.

The cross-examination of this witness brought out for the first time during the trial that Ryan had given instructions to Legleitner and Hockin to agree to nothing unless by the advice of Leo M. Rappaport, and that he had directed them to follow the officers and others who were making a search and "see that they took nothing." It was while being pressed on cross-examination as to why he had objected to the officers breaking into the dynamite storage room in the basement, that he made the explanation as to Ryan's instructions.

Ryan, in his own testimony, had said that as soon as he learned that it was the superintendent of police who was in charge of the search and that explosives were being looked for, he raised no further objections, but was willing that the search continue. The testimony of Legleitner places Ryan's instructions to him at a later time than the time Ryan said he was willing that the search continue, and that he put no obstacles in the way.

Legleitner declared, as will all board members, it is understood, that he had had implicit faith in J. J. McNamara. Asked whether he still had, he said he "was a little in doubt."

## BLAMES GOSSIP

Woman Murderer at Logansport Says She Will Plead Guilty.

Logansport, Ind., Dec. 6.—Mrs. Joseph Lange, married one night and in jail the next night charged with murder, persists in asserting she shot and killed Mrs. May Cople, the white wife of a negro, on the spur of the moment. She says she was goaded into fury by the disparaging remarks of her victim. Mrs. Lange says she will plead guilty to manslaughter and that when

she goes to prison her husband will be able to get a divorce and marry a good woman.

Mrs. Lange declared that Mrs. Cople had told other women about the defendant's past life, and this angered her because she was trying to do right. "The road back is thorny enough without others making it worse," Mrs. Lange said. "I'd like to tell everyone that no woman gets so bad that she doesn't long to be good. If people knew what harm gossip caused they would hold their tongues. Sometimes persons get so mad that they decide to stop a gossip's tongue in the wrong way, the way I did, but that always makes matters worse."

Complainant Charges Slander.  
Danville, Ind., Dec. 6.—Suit for \$25,000 damages for alleged slander on the part of Aaron Overstreet, a farmer of Hendricks county, has been brought in the circuit court by Mrs. Mary A. Walter. It is alleged that the defendant said Mrs. Walter "gave her husband something to take him away." Walter's death was caused by pneumonia, according to the plaintiff. Overstreet is the husband of the dead man's sister.

### As Vienna Views It.

Vienna, Dec. 6.—The European situation remains the same in all particulars. Count Von Berchtold, the foreign minister, is still withstanding the anger and irritation of the Austrian people and is pursuing his own moderate policy. Russia, too, through Premier Kokovtzeff and Foreign Secretary Sazonoff, continues to apply influence to Serbia to bring it in line with the European policy and peace. It is believed that the danger of a European war is now averted.

### Federal Council of Churches.

Chicago, Dec. 6.—The second quadrennial council of the federal council of the Churches of Christ in America is in session here with an attendance of about 400 delegates, representing thirty-two American Protestant churches, with a total membership of approximately seventeen million communicants. The work in hand seems to be that of pulling the church up to meet Twentieth century conditions and to interest men in church work.

### Luncheon in Marshall's Honor.

Chicago, Dec. 6.—Vice President Elect Thomas R. Marshall will be the guest of honor at a luncheon given by members of the Wabash college alum-

ni association of Chicago at the Hamilton club Saturday. The speakers will be Dr. John M. Coulter of the University of Chicago, formerly a professor at Wabash college; Charles M. Moores, an attorney of Indianapolis, and George A. Mackintosh, president of Wabash college.

### Suicide of a Despondent Boy.

Richmond, Ind., Dec. 6.—The dead body of Ivan Dye, nineteen years old, was found in a downtown rooming house. There was a bullet hole in the boy's right temple and at his side lay a revolver. Letters which young Dye had in his pockets indicated he was despondent because of ill health.

## WOMEN DUMPED OVER EMBANKMENT

Mrs. Monroe Davis and Mrs. H. W.  
Davis Perhaps Seriously Hurt  
in Clarksburg Accident.

### FORMER HAD JUST RECOVERED

Mrs. H. W. Davis and Mrs. Monroe  
Davis of Clarksburg are recovering  
from injuries they received in an  
accident between their home and  
Greensburg late Wednesday after-  
noon when their horse frightened at  
an automobile and upset the buggy  
down an embankment.

According to the Greensburg Re-  
view, Mrs. H. W. Davis escaped with  
only a sprained shoulder and breast,  
and this morning was very sore from  
the bruises received. Mrs. Monroe  
Davis is perhaps seriously injured.  
She was making her first long trip  
since a severe spell of sickness this  
fall. It is feared that the nervous  
shock may prove serious. Her back  
and head are pretty badly injured,  
her back being strained, so that she  
suffers greatly. Mr. Doles, while not  
injured at all, was so badly fright-  
ened that he had to ask his well-  
known friends who they were. Mrs.  
H. W. Davis had the presence of  
mind to grab the horse by the bridle  
and thus averted a runaway. She  
continued her way, driving her horse  
herself, as it has always been count-  
ed a gentle one. Mr. Doles took Mrs.  
Monroe Davis home in his auto.

## JOB TOO SMALL FOR JOE

Shelbyville Negro Wants to be Minis-  
ter to Hayti.

Joseph Hill, of this city, who  
rightfully claims the place of the  
leading colored politician of Shelby  
county in the Democratic ranks, is a  
candidate for the position of minister  
to Hayti, which pays a salary of  
\$8,000 a year, says the Shelbyville  
Republican. Mr. Hill has been offer-  
ed a position by Congressman Finley  
Gray, of Comersville, as a page, at  
\$1,500 a year, but this position he  
has turned down, after concluding  
that he desires a better place.

## RUSHVILLE WINS HARD FOUGHT GAME

Takes Milroy Eurekas Into Camp by  
20 to 19 Score—Gunning Saves  
the Day.

### LOCALS RECEIVE BIG SCARE

The Independent basketball team  
was forced to the limit last night in  
the game with the Milroy Eurekas  
and it was only by the hardest kind  
of a fight that Rushville won. The  
score was 20 to 19. The game was  
as close and exciting as the score in-  
dicates and Rushville won in the last  
few minutes of play.

The Eurekas threw a life size  
scare into the local team and in the  
last half forged ahead and it seemed  
as though the locals faced sure de-  
feat. Three field goals by Gunning  
near the end of the game put Rush-  
ville one point to the good and saved  
the game. The first half ended,  
Rushville 10, Milroy 6. Milroy got  
together in the final period and seem-  
ed to have the game cinched by the  
score of 19 to 14 when Gunning  
saved the day for Rushville. The  
game was well played and was wit-  
nessed by a fair sized crowd. Many  
Milroy rooters being present. The  
line up and summary:

Milroy—Harcourt, Forward; F.  
Harcourt, Forward; Thomas, Cen-  
ter; Halterman, Guard; "Hop"  
Thomas, Guard.

Rushville—Gunning, Forward;  
Ferguson, Forward; Burch, Center;  
Carroll, Guard; Petry, Guard.

Rushville, 20; Milroy, 19. Field  
goals—Harcourt, 3; F. Harcourt, 3;  
Burch, 2; Gunning, 5; Petry, Carroll  
and Ferguson. Goals from foul—  
Thomas, 7. Time of halves—15 min-  
utes. Referee, Moore.

### BREAKS ARM.

Hal Lefler, age ten years, son of  
Mr. and Mrs. Eugene Lefler of St.  
Paul, suffered a broken arm while  
playing during recess at the St. Paul  
school yesterday. He was scuffling  
with some boys and was thrown to  
the ground with such force that his  
left arm was broken just below the  
elbow. His fracture was of such a  
serious nature that the attending  
physicians took him to Shelbyville to  
have the injury treated by a special-  
ist.

## BASKETBALL IS ON TAP TONIGHT

Two Games Will be Played With Ma-  
nilla Fives at Falmouth—Car-  
thage at Shelbyville.

### QUINTETS THICK OVER COUNTY

Basketball teams are springing in  
Rush county like weeds in a corn  
field. One is to be found in every  
hamlet, and at almost every cross  
roads. Many independent teams in  
the towns of Rush county play very  
fast ball because the most of them  
have been organized for several years  
and the players have worked together  
so long that they have team play to  
perfection.

Friday night is generally the time  
for the games. Tonight will be no  
exception. The Carthage high school  
five will play Shelbyville high school  
at Shelbyville tonight. The Waldron  
Cubs will play the Shelbyville high  
school alumni team at Waldron.

The Manilla Independent and the  
Manilla high school quintet will jour-  
ney to Falmouth tonight, playing the  
Falmouth Independents and the Fal-  
mouth high school team. The Ma-  
nilla teams will line up as follows:  
Independents, guards, Hillgoss and  
Beach; center, Gardner; forwards,  
Fox, Inlow and Carr; high school,  
guards, Johnson and Shedy; center,  
Edwards, forwards, Robinson, Mil-  
ler and Theobald.

## DON'T PASTE SEALS ON ADDRESS SIDE

Postmaster Frazee Cites Sections  
From Postal Guide Regarding  
Use of Imitations

### VIOLATION CAUSES RETURN

Patrons of the postoffice are warn-  
ed not to place Red Cross Christ-  
mas seals on the address side of  
envelopes. They should always be  
stuck on the back so that they  
will not confuse the clerks, or per-  
haps be accepted as U. S. stamps,  
causing the mail to be carried for  
nothing.

Postmaster Frazee has cited two  
sections from the Postal Guide in  
regard to this as follows:

"No adhesive stamps, or imitations  
of stamps, of any form or design  
whatever other than lawful postage  
stamps, shall be affixed to the ad-  
dress side of domestic mail matter,  
but such adhesive stamps, provided  
they do not in form and design re-  
semble lawful postage stamps, and  
do not bear numerals, may be affixed  
to the reverse side of domestic mail  
matter.

"All domestic mail matter bearing,  
on the address side, adhesive stamps,  
or imitations of stamps, other than  
lawful postage stamps, will be re-  
turned to the sender, if known; oth-  
erwise they will be forwarded to the  
Division of Dead Letters."
